

Cedar Point Postcard

These are exciting times at Cedar Point! At long last, our Goodall Lodge renovations - to include wheelchair accessibility and a north-side deck - are under way! Just as critical, our [crowdfunding effort to support the Cedar Point Works](#) program is off to a great start, with over 25k committed or donated so far! Join us to help grow this fund. Cedar Point Works is our core experiential learning opportunity for undergraduate students. Your contribution directly supports students who stay at the station to work and take classes, providing a base of support for the whole station. We aim to build a lasting endowment for this program, and every little bit helps. [Go here to donate](#), or follow the QR code above. Thank you!--John P. DeLong
