

Attention UNL Undergraduate Students, Graduate Students, and Post-Docs

Nebraska Extension is providing a one-day Part 107 Remote Pilot Exam Preparation Course tailored to students!

This course prepares students to successfully pass the FAA Remote Pilot Knowledge Exam to become certified drone pilots.

You will receive study materials and instruction from a FAA Certified Remote Pilot with 8 years of flying experience and conducting drone education workshops.

This 1-day course (8 hours) of in-class training will be held at Goodding Learning Center (280 Plant Science) on East Campus of University of Nebraska at Lincoln.

Course will be held on **Monday, June 3rd** from 9:00am to 5:00pm.

Registration Fee of \$150 (a \$250 value). Registration is required to attend the course. Lunch will be provided.

Register On-line at <https://cvent.me/N75M0x>

Please register by Tuesday, May 28th.

Note: A Zoom Option will be available for students and post-docs unable to attend in-person on East Campus. However, attending in-person is highly recommended!
